Reading Passage

Directions : Read the following passages carefully. Then choose the best answer to each of the questions.

Passage 1

Scientific studies have proved that the reason of frequent sickness is because there is a lack of oxygen in the body cells. Laughter exercises and deep breathing help to attain good health by increasing the supply of oxygen.

5 Realising this, Dr.Marden Kataria started Laughter Yoga : a blend of yogic deep breathing, stretching and laughter exercises that cultivate child-like playfulness. He found that the body cannot differentiate between real and fake laughter. When we laugh, endorphines which help us feel good and can relieve pain are released.

10 Laughter yoga is especially beneficial for older people. A **sedentary** lifestyle, illness and lack of physical exercise cause stiffness of limbs and muscles. **This** leads to immobility and pains and aches. Twenty minutes of continuous laughter exercises coupled with deep diaphragmatic breathing is good aerobic exercise. They are a lot of fun too. Moreover, the seniors
15 can enjoy the company of other people. Laughter is indeed the best medicine.

1. What is the main topic of the first paragraph?

- a. Laughter Yoga is like a playfulness of children.
- b. A lack of oxygen can cause frequent sickness to human-beings.
- c. Laughter is good for older people.
- d. Laughter causes a lot of fun.

2. In paragraph 3, the writer advises that

- a. our body cannot differentiate between real laughter and fake laughter
- b. laughter exercise enables our body to gain more exercise
- c. older people should do laughter exercise as it is advantageous for both their body and mind
- d. endorphines will be released when we laugh

3. The word "sedentary" line 10 means

- a. seated
- b. active
- c. nosy
- d. simple

4. What does "this" line 12 refers to?

- a. laughter yoga
- b. physical exercise
- c. older people
- d. sedentary lifestyle
